Statement

With the intention to vivify traditional toys we went back to the roots of Tottertoys. After redesigning we brought a small series production of Tottertoys to life. Handcrafted and of natural materials. While the main body remains the same, we created **11 different Tottertoys** by changing the heads, backs and tails:

001 Horse, red

002 Horse, nature

003 Horse, green

004 Horse, brown

005 Horse, dark red

006 Horse, yellow

007 Horse, black

008 Cow

009 Horse, white

010 Goat

011 Donkey

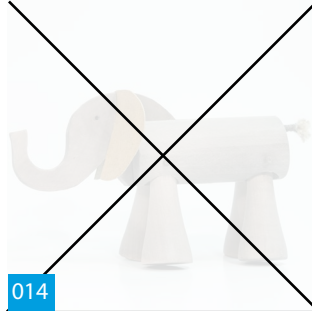

012 Elefant with weight
